Completing a table or chart

Table or chart completion questions look like this

Complete the table below.

Choose NO MORE THAN THREE WORDS from the passage for each answer.

Write your answers in boxes 5-10 on your answer sheet

Country	No. of accidents in sports events/year	Most common cause	Sport with most accidents
France	...(5)...	Lack of training	...(9)...
Italy	3566	...(7)...	...(10)...
Germany	...(6)...	...(8)...	Football

Answering this kind of question

- Look at the table. Identify the headings, e.g. **Country** and **No. of accidents**. Look quickly at the text to find the structure (it may be the same as the headings, for example, talking about France, then Italy, then Germany). Find the missing information
- If you need to use no more than three words, then don't use more. Remember that this might not include small words like *and* or *the* if they are necessary
- You can write your answers in the table if it makes things easier but remember to write your answers on the answer sheet too
